

Do you know?

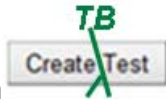

Which date should be entered in Sam when a TB test has been arranged?

Enter 'Test Arranged Date' (the date the 1st part will commence) as soon as arranged because:

Avoids - clients receiving unnecessary reminders

Informs - AHVLA & Paying Agencies automatically

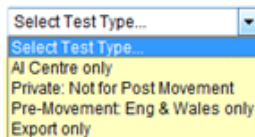

Allows - you to download animal data from CTS

OVs can at the request of a customer. But it is a statutory requirement to seek authorisation from AHVLA to undertake TB tests, *except*:

- o In Scotland where there is a 'blanket' authorisation in the case of pre- and post-movement testing;
- o While in England & Wales there is a general pre-movement testing licence

AHVLA have revised the descriptors of the type of TB test OVs can create:

You can use a 'wildcard' when searching for a client?

Add the '%' symbol either side of a Customer's name to broaden a search e.g. "%Baker%" will return both Baker and Bakers: "Green%" will return Green Farm, Greenside, Greenbridge, etc

How to tell when a TB test is ready to be submitted?

When a test is ready to be signed/ submitted by an OV it is indicated by a green dot on the Practice work page
